

When you call Kohler, you're not dealing with just any rental company; you're partnering with a national solutions provider with an inventory of state-of-the-art temporary power, temperature control and luxury restrooms. Whether it's a planned factory shutdown, a multi-location concert tour, or recovery from a severe weather event – Kohler Rental is there. With the equipment and technical support that fits the job. Whatever the need, whatever the challenge – from simply delivering equipment to complete, ongoing turnkey solutions – only Kohler Rental has the resources, the experience, and the equipment to get it done right.

Generators, Power Management and Distribution

Simple to use equipment to fit any job – large or small. From compact towables to self-contained trailer packages complete with controls, switchgear and advanced sound-deadening systems. Backup or prime power – for industrial or event needs. Kohler Rental is a clear choice for total, reliable power generation and offers the greatest variety of distribution configurations to deliver power from the generator to your equipment.

- Tow-behind generators – 20 kW to 400 kW
- Trailer-mounted generators – 300 kW to 2000 kW
- DualPack™ redundant power for critical applications demanding constant, reliable power
- Movie Quiet generators (50dBA@50f) – 500, 800 and 1400 amps
- PD-Series switchgear – combining transfer switch capabilities with paralleling for multiple generator or utility power applications
- KOHLER® Power Modules – combining PD-150 switchgear and generator in a self-contained, fully integrated, customized module
- Transformers – 50 kVa to 3000 kVa and 208 to 480 volts
- Distribution boxes – multiple receptacle configurations; 50 to 600 amp ratings

Luxury Restrooms

When you're doing an upscale event, it's got to be done well. Right down to the restrooms. An Original KOHLER® Restroom is the only mobile restroom in the rental industry that is all-KOHLER, featuring KOHLER sinks, toilets and faucets with Polished Chrome finishes, luxurious trim, full-length mirrors and tasteful artwork. Fully air conditioned, with music to fit the occasion. Look to Kohler to offer close-to-home comfort in a restroom away-from-home.

- 24-ft. restroom with 3 female and 3 male suites
- 32-ft. restroom with 6 female and 6 male suites
- 32-ft. restroom with 3 female and 3 male suites, plus one ADA-compliant toilet and lavatory

Temperature Control

Whether it's maintaining critical temperature and humidity control at a pharmaceutical processing plant or keeping guests comfortable at a trade show or sporting event, Kohler has the equipment you need. A complete line of HVAC and air conditioning products, from chillers and pumps to controls. And the professional staff to put it all together.

- HVAC units (ductless) – 5-, 10-, 20- and 25-ton
- HVAC units (ductable) – 30- and 60-ton
- Chillers – 100- to 300-ton
- Air Handlers – 50- to 100-ton
- GPM Pumps – 250, 500 and 750 GPM
- Accessory system components
